

**Paul Ingleby**  
Director of Innovation

“As a leader in health and safety, it is crucial for us to listen to our customers to drive innovation and help meet their ever-growing health and safety challenges. Understanding the issues our customers are facing and the value we can design into products to make their tasks easier and more efficient is at the heart of each product development. Our best ideas come from our customers.”

## Updateable Floor Stand

The latest product innovation from Seton is the Updateable Floor Stand. You can display various messages with just one floor stand to save you time, money and storage space.

**Magnetic strips for quick and easy message updates**

**Updateable on both sides**

**FREE downloadable templates for sign inserts – messages can be customised or simply handwritten**

**Respond quickly to potential hazards**

**Durable and easy-to-clean, suitable for prolonged, frequent use**

**Launches September 2013 but available to Legislation Watch Members NOW!**

Code **JAN0027** Price **£19.95**
